

# GORILLA G3

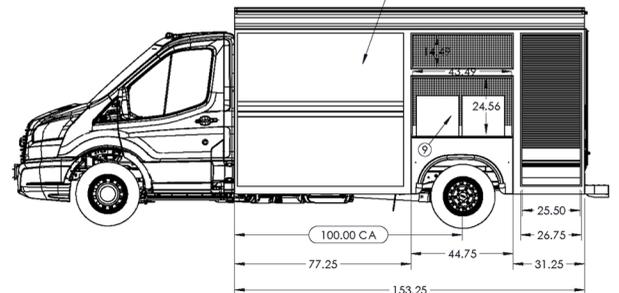

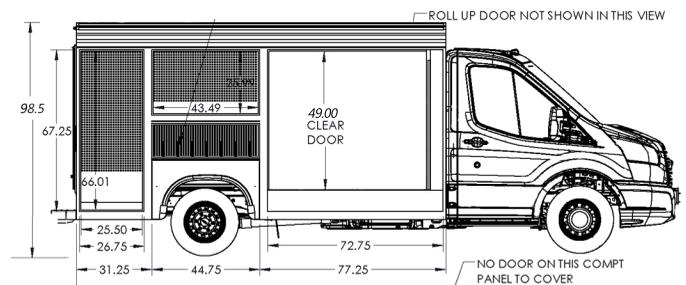

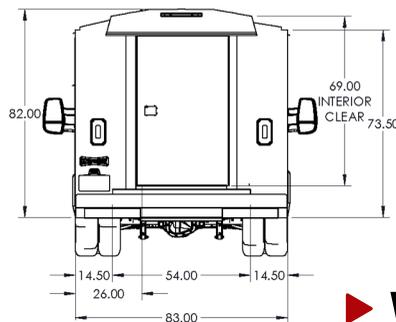

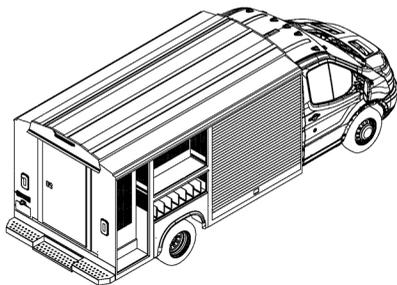

## Custom Designed for the Professional Carpet Cleaner. A place for everything and everything in it's place.

### ► All New Design

Looking for the most versatile enclosed utility body in the industry? Look no further. The Gorilla Truck Box is essential equipment among the professional carpet cleaner, restoration contractor, HVAC/plumbing, electrical, construction, utilities and telecommunications companies all over the US.

- Built on a Ford Transit cutaway body . 10,360 GVWR with a 3,140 lb. payload.
- With the Gorilla Truck Box G3 side accessible compartments enables you to sufficiently organize your tools and equipment without having to crawl in the back of the truck, which directly translates into better efficiency and productivity on the job site.

### ► Highlights

Gorilla G3 utility bodies feature side accessible storage compartments and an oversized cargo area with the option of locking all door with the push of a button to maximize security. A big part of your livelihood is your tools and equipment. You need a utility truck box that is set up the way you work. Putting together the ideal work truck will make you more productive and efficient and contribute more to your bottom line.

- The passenger side of the truck has a large 69" wide roll up door that gives you the versatility to permanently mount your equipment or store large equipment for installation on location.
- The rear of Gorilla G3 truck features one large door, 26.5" wide, to access the large cargo area.

### ► Versatile, & Affordable

The Gorilla Truck Box G3 is more versatile. Designed to fit the needs of most capet cleaners.

- Custom shelving with removable compartment cases can be designed to fit your needs. Gorilla Truck Box shelving packages for HVAC, plumbing, electrical, and construction contractors turns your truck into a mobile warehouse for all your resale parts. Think of the time and money wasted chasing parts, never again with Gorilla Truck Box.
- So, if you're looking for organization, efficiency and productivity that will add to your bottom line, then the Gorilla G3 is vital to your success. All the other competitors are just trucks with shelves.
